FIERCE FIGHTING.

The Battle Raged For Two Days
and the Conflict is Still
Going On.

THE JAPANESE MADE THE ATTACK.

Russians Are Contesting the Ground
Splendidly and Heavy Losses
Have Been Sustained.

The Japanese Have Broken Through
the Russian Left Flank and Are
Marching On Mukden—The
Fight at Motien Pass.

London, July 22.—A Russian correspondent of the Daily Telegraph at Mukden, under date of July 19, says: "A fierce fight has been raging during the past two days and it still continues. The Japanese, who are superior in strength, attacked with great daring and coolness. The Russians are contesting the ground splendidly. The Japanese flanking movements to the east are the real cause of our retirement. Heavy losses have been sustained. The Japanese artillery has again shown its superiority." The scene of the fighting is not mentioned by the correspondent.

According to a special dispatch from Moscow, the Russian Listok, of that city, confirms the press reports from Liao Yang that the Japanese have broken through the Russian left flank and are marching on Mukden.

St. Petersburg, July 22.—The most sensational piece of news from the front in the press dispatch from Liao Yang dated July 20, reporting a persistent rumor that the Japanese have broken through the Russian left wing between the respective positions of Lieut. Gen. Count Keller and Gen. Rennenkampf and are marching upon Mukden. The report received from Gen. Kuropatkin bearing the same date, says that there has been no change of importance in the situation, and a close study of the dates shows that the rumor probably refers to the Japanese advance against Gen. Rennenkampf on the Northern Samitsza—Liao Yang road, when they drove the Russians back as far as Houtsiatze, 26 miles east of Liao Yang. A later dispatch to the press shows that Gen. Harchelmann commanded this detachment of Gen. Rennenkampf's cavalry and that he turned and took the offensive, subsequently compelling the Japanese to retire in the direction of Sikayan.

Further but incomplete details of Gen. Keller's attack at Motien Pass, July 17, sent by the press correspondents, show that the fight lasted all day and was a bloody affair. The Sevsky regiment rushed eight of the Japanese guns with the bayonet but later were compelled to abandon them.

A Russian attachment which crossed the Liao river at dawn on the opening of the fight discovered a Japanese detachment under a hill dressed in the Russian uniform and hailed the soldier in Russian as friends, but when the Russians got within easy range the Japanese opened fire.

AT THE HAGUE.

The Late Paul Kruger's Family Arranges For a Public Funeral.

The Hague, July 22.—The family of the late Paul Kruger has arranged for a public funeral here on July 26, when the body of the former president of the Transvaal republic will be taken, with imposing formalities, to the chapel of the Eijkengruin cemetery, where it will remain for two months pending the arrangements for its transportation to South Africa.

Exceeded Her Contract Speed.

New York, July 22.—The torpedo boat destroyer Blakely, which is on her official trial, exceeded her contract speed over the measured mile course. Her contract calls for 25 knots, but in eight times over the measured mile course she averaged 25.7.

Garden Party to American Officers. Trieste, July 22.—The mayor of Trieste gave a garden party Thursday night in honor of the officers of the American battleships and European squadrons. The condition of the officers who are ill with typhoid fever continues to improve.

London, July 22.—The officers of the China Mutual Steam Navigation Co. steamer Pak Ling, deny the report circulated Wednesday night that the vessel had been seized by a Russian volunteer fleet cruiser in the Red sea.

It is said that there is no drinking water on the isthmus of Panama, which, says the Washington Times, perhaps accounts for the inhabitants becoming intoxicated with joy.

COVINGTON WOMAN SHOT.

Was Wounded By Unknown Boy While Visiting in St. Louis.

St. Louis, July 22.—Mrs. Ellen Ryan, of Covington, Ky., who is in the city visiting her daughter, Mrs. W. V. Zelig, of 3123 N. Grand avenue, was shot in the back of the neck with a bullet from a cat rifle. Mrs. Ryan did not know she was wounded until she felt blood trickling down her throat. She was removed to her daughter's residence, where it was stated Thursday night that she was suffering much pain, but that her condition was not considered critical.

The bullet was fired by a small boy, who succeeded in escaping. The police have a vague description, and are searching for him.

ERNST ELECTED.

He Is Chairman of the Republican State Committee.

Louisville, Ky., July 22.—The republican state central committee at its meeting Thursday chose Richard P. Ernst, of Covington, as chairman of the state campaign committee, and elected Thomas Walker, jr., of Lexington, permanent secretary of the campaign committee. The committee decided to maintain its permanent headquarters in Louisville. Two contests from the Eleventh district were decided in favor of Dr. W. Godfrey Hunter, of Louisville. Col. Henry L. Stone, of Louisville, was named as the republican member of the state election commission.

SWELLS STATE REVENUE.

Southern Pacific Road to Increase the Capital Stock.

Louisville, Ky., July 22.—The action of the directors of the Southern Pacific railroad Wednesday at Beechmont in voting an additional increase of stock will mean \$40,000 to the revenues of the state of Kentucky. The issuance of \$100,000,000 of stock was authorized, but only \$40,000,000 will be issued at this time. The company will be required to pay an organization tax of one-tenth of one per cent., or \$40,000 in all. This will be paid over to the state auditor in a few days.

One Day's Trotting Meeting.

Lexington, Ky., July 22.—A one day's trotting meeting was given on Thursday, the sensational feature being the half-mile made by Elastic Pointer (2:06½), b. h., by Brown Hal, Sweepstakes. He made the first quarter in 30½ seconds and the half in 1:01½. Driver John Hussey eased him down to the last half and he made the mile in 2:10.

Fatal Fall From a Bridge.

Greenup, Ky., July 22.—Charles Ferguson, whose parents live here, fell from a new railroad bridge in Pennsylvania and hurt himself so badly that he died in a few hours. His remains were brought here for burial. His father, Ben F. Ferguson, is a mechanic of this place.

To Elect a Secretary.

Lexington, Ky., July 22.—The official call has been issued by Lewis McQuown, chairman of the democratic state central and executive committees for the meeting in joint session at Frankfort Tuesday, July 26, for the purpose of electing a secretary to succeed Percy Haley.

Killed a School Boy.

Whitesburg, Ky., July 22.—In a resort on Lower Elkhorn creek, Wednesday night, Tivis Kelley, of feud fame, shot and killed Henry Mullins, aged 19, a school boy. Kelley fled to Virginia. They had an altercation over Kelley's sister a week ago.

Man Badly Mashed.

Burnside, Ky., July 22.—While logging near Small, this county, Joseph McMullen was caught under a heavy log, and is seriously, if not fatally, hurt. Part of his body was mashed to a jelly. The accident was caused by the wagon turning over.

Woman Killed By Lightning.

Louisville, Ky., July 22.—Mrs. Sophia Miller was killed and her daughter Katie and Louis Heintz were seriously injured by a stroke of lightning, which struck a tree under which they had sought shelter from a rain storm, near Harrod's creek.

Agent Lucas Enjoined.

Henderson, Ky., July 22.—Ed C. Walker, auditor's agent for Henderson county, filed suit enjoining Frank A. Lucas, alleged auditor's agent, from the collection of back taxes. The matter will come up for a hearing before County Judge Hart.

The Labor Conference at Victor, Col. Chicago, July 22.—Letters calling for the naming of delegates to the proposed labor conference in Victor, Col., on August 25, were sent out by Secretary E. N. Nockells, of the Chicago Federation of Labor.

STRIKERS BARRED.

Packers at Ft. Worth, Tex., Said That They Had All the Help They Needed.

THE STRIKERS DENIED ADMISSION.

Officers Were Stationed at the Entrance With Orders to Admit No One Seeking Employment.

In Chicago More Than 500 Non-Union Men, On Learning That the Old Men Would Be Reinstated, Quit Their Jobs.

Fort Worth, Tex., July 22.—The local strike situation is very quiet. Thursday the strikers' pickets were barred out of the grounds of the packing plants and officers stationed at the entrance with orders to admit no visitors and no one seeking employment. The packers announced that they had all the help they needed. A committee from the strikers was denied admission, the packers notifying them that they might be received Friday morning.

After the repulse the strikers gave it out that they would not apply for work on Friday. The task of handling the question of the reinstatement of the men has been entrusted to a committee and the committee was not prepared to state Thursday night what would be the next move of the men.

Killing operations are increasing in magnitude at the plants and the packers are buying nearly the normal amount of cattle.

Chicago, July 22.—All the big packing establishments of the country, where nearly 50,000 workmen went out on strike ten days ago to enforce certain demands of the union, were thrown open to the strikers at 7 o'clock Friday morning and as many of the former employees as can be taken care of returned to work. A majority of the butchers were reinstated Friday morning, but it will be several days before all the strikers will be given employment, as there is not enough live stock at some of the yards to require a full force of workmen. As soon as the shipments begin to arrive in the usual quantity, however, the idle men will be put to work and it is believed that by Saturday night nearly all of the strikers will have been taken care of.

In Chicago the non-union men engaged by the packers during the progress of the work and who caused the hitch in the negotiations for peace, because the packers insisted in retaining all who wished to remain at work in preference to reinstatement of all the old men, seem likely to settle the question. When the news reached these men Thursday that the old men were to return to work Friday, more than 500 of them quit work. It is not known how many more of the non-union men are still at work.

RIOTING IN CHICAGO.

Two Hundred Negro Non-Union Men Were Attacked.

Chicago, July 22.—Two hundred Negroes, non-union men, who were leaving the Hammond Packing Co. plant Thursday night, were attacked in front of the establishment by a mob. The former strike breakers were being escorted down town by a squad of policemen under command of Inspector Hunt. Bricks and stones were hurled at the Negroes, but none of them was seriously injured. A riot call was sent in and after a quick response by fully 50 policemen, the rioters were dispersed and the Negroes taken away without further molestation. Half a dozen or more motormen on Halsted street cars refused to stop to permit the Negroes to board the coaches, and it was not until Inspector Hunt blocked the tracks with two patrol wagons that the motormen brought their coaches to a standstill and permitted the men under escort to board them.

A RIOT CALL.

Trouble at the Packing Plants at St. Joseph, Mo.

St. Joseph, Mo., July 22.—A riot call was turned in from the stock yards district at 9 o'clock Thursday night and every available policeman is on duty endeavoring to control frenzied members of the labor unions who went out on a strike several days ago. The packers are not discharging the non-union men fast enough to suit the strikers. Thursday night the managers of all the packing plants in South St. Joseph notified the union men that but 60 per cent. of the strikers will be put to work Friday. The strikers say the packers are endeavoring to hold all non-union men and that all of the union men can not get back to work if the packers are permitted to

carry out their plans. Non-union men who appeared in the streets Friday night were assaulted and apparently there was a concerted effort to drive them from the plants.

Kansas City, July 22.—George Byers, first vice president of the Meatcutters' union, has been offered the place on the strike arbitration committee to represent the butchers' strikers. Mr. Byers will accept.

A CANCER HOSPITAL.

Plans For Founding One of National Scope Formulated.

Philadelphia, July 22.—Plans for the founding in this city of a cancer hospital of national scope were formulated at a meeting of physicians and philanthropic citizens held here on Thursday. The proposed institution is to be known as the American Oncologic hospital.

The hospital is to be devoted exclusively to the treatment of tumors and cancerous affections and scientific research into the causes underlying the increase in the prevalence of cancer. Statistics read at the meeting show that during the year 1870 there were 999 deaths from cancer in the combined populations of seven of the largest American cities; during 1898, but 28 years later, the deaths from cancer in these cities numbered 4,273. Comparing these figures with the increase of population it was found that in each million of the population of these cities in 1870 there were 354 deaths from cancer, while in 1898 the number had increased to 664 cancer deaths in each million.

THE PORTLAND MINE.

Was Again Closed By the Action of the Military Authorities.

Denver, Col., July 22.—The Portland mine is closed again in consequence of the action of the military authorities. The mine was giving employment to about 500 men. Squads of soldiers have arrested 40 of these, including the entire mechanical force at the three working shafts. This comprised engineers, firemen, master mechanics and skilled men in other departments. The men thus summarily removed from their labors are accused of no crime, the only accusation being that they refused to sacrifice their membership in the Western Federation of Miners and take out Mine Owners' association working cards. Six of the 40 men arrested were declared to be "all right" by the military board and were released. Twelve others were released on their own recognizance.

ENSIGN TIMMONS.

The Son-in-Law of Senator Fairbanks Ill at Trieste.

Indianapolis, Ind., July 22.—A cablegram to the family of Senator Fairbanks, from Mrs. John W. Timmons, daughter of Senator Fairbanks, confirms the reports of the illness at Trieste of her husband, Ensign Timmons, to whom she has been married less than a year. Mrs. Timmons is with her husband at the hospital and is assisting in nursing him. At the time the cablegram was sent the disease was diagnosed as a threatening attack of typhoid fever, which is very prevalent among the officers and men of the North Atlantic squadron, now in Mediterranean waters. Ensign Timmons is on the Kearsarge, the flagship of Adm. Baker, in command of the squadron.

TORNADO IN GEORGIA.

Serious Damage to Buildings, Trees and Fences in Augusta.

Augusta, Ga., July 22.—A tornado passed over the eastern part of the city Thursday afternoon doing serious damage to buildings, trees and fences. Two Negro churches were demolished and several buildings belonging to the Central of Georgia railroad were blown down, injuring several workmen, one fatally. About two miles from the city several barns were blown down, in one of which a Negro was killed. Another Negro also was killed by a falling tree. The financial loss will be heavy.

Frankfort, Ky., July 22.—Gov. Beckham appointed I. H. Thurman, of Springfield, Washington county, as circuit judge, to succeed the late Judge Charles Patterson, of the Eleventh circuit, to serve until the regular election.

Minister Badly Burned.

Richmond, Ky., July 22.—The residence occupied by Rev. E. O. Weaver, pastor of the Northern Presbyterian church, burned. In his frantic efforts to put out the blaze Rev. Mr. Weaver was horribly burned and disfigured.

To Succeed Judge Haskins.

Frankfort, Ky., July 22.—Gov. Beckham has appointed George W. Triplett, of Owensboro, Davies county, to succeed County Judge H. M. Haskins. Judge Haskins resigned.

THE ELKS ADJOURN

Persons Not Entitled to Admission to Grand Lodge Voted For Grand Officers.

A SESSION OF SORROW WAS HELD

The Recommendation of Grand Exalted Ruler to Abolish the Grip and Sign Was Adopted.

Capt. Champe S. Andrews Was Appointed a Member of the Board of Governors of the Elks' National Home, Richmond, Va.

Cincinnati, July 22.—Following the ball and other festivities during the night, the programs Thursday for the 40th meeting of the grand lodge and the 18th national reunion of the Benevolent and Protective Order of Elks were not entered upon early. There was considerable agitation over the report that persons not entitled to admission had been in the grand lodge to vote for grand officers on Tuesday. It is charged that about twenty "substituted credentials" were used then, and had the same persons attempted to participate Wednesday, they would have been exposed. Proxies are not permitted and past exalted rulers only are entitled to vote. It is claimed that some past exalted rulers, unable to be present, gave their cards to others.

The feature Thursday was the Session of Sorrow in memory of Past Grand Exalted Ruler Meade D. Detweiler, who was at his death chairman of the board of governors of the National Home for Elks, near Richmond, Va.

While other Elks are enjoying a series of festivities, the members of the grand lodge have been in session all day and again Thursday night. The recommendation of Grand Exalted Ruler Fanning abolishing the grip and sign was adopted. The committee on ritual was directed to prepare a new edition for exemplification at the Buffalo lodge next July.

The date for the meeting of the grand lodge next year at Buffalo was fixed for July 10, when a new system of voting for officers will be proposed so as not to protract the election through two days, as was the case here this week. Only minor changes in the ritual were made to simplify the work. Twenty-five Elks from various lodges were expelled.

Capt. Champe S. Andrews, exalted ruler of New York, was appointed by Grand Exalted Ruler Fanning as a member of the board of governors of the Elks' national home, near Richmond, Va., to serve the two years of the unexpired term of Wetweiler. Grand Exalted Ruler O'Brien will have the appointing of a member of the same board for a full term.

After suspending the Peoria lodge for three months and installing the officers the grand lodge adjourned shortly before 1 o'clock Friday morning. The delegates will be the guests at the Laughrey club, in Indiana, of August Herrmann until Saturday night, when with other Elks they leave for St. Louis for the Elks' day at the World's fair next Tuesday.

NEW ARMORED CRUISER.

South Dakota Successfully Launched at San Francisco.

San Francisco, July 22.—The armored cruiser South Dakota was successfully launched from her cradle at the Union iron works at 6:40 o'clock Thursday night. The ceremony attending the launching was unusually simple. Bishop W. N. Nichols, of the Episcopal diocese of California, offered a short prayer and then Miss Grace Herred, daughter of the governor of South Dakota, pressed a button that released the hull of the youngest American cruiser. As the vessel began to move Miss Herred swung a bottle of champagne against the boat and bestowed the designated name upon the cruiser.

Vladivostok, July 22.—Work on the fortifications is being actively pushed and everything is in a state of preparedness. The troops are anxiously awaiting the appearance of the Japanese. Otherwise all is quiet here.

Marine Insurance Suspended.

Seattle, Wash., July 22.—Local marine insurance agents Thursday received cable instructions from London to accept no risks on ships or cargoes destined for Japan without receiving authority from London.

The Release of the Malacca.

London, July 22.—The authoritative assurances that the Malacca will be released, cabled by a press association from St. Petersburg to the United States, do not appear in the British morning papers.

It is reported from the East that Ex-Senator Davis has contributed \$1,000,000 to the Democratic campaign fund. If this is true, the Democrats evidently intend "to fight the devil with fire."

Our Republican friends need not worry about the Kentucky Democratic editors—"Br'er" Marsh included. The "money" question will of course count in this campaign, but it won't have to be discussed. We'll all vote with Bryan for Parker and Davis.

The gathering in New York of Democratic leaders from all parts of the Union, and representing all former factions of the party, to consider the plan of campaign, is but one of the many significant signs of the different conditions under which this campaign opened compared with the campaigns of four and eight years ago, observes the World of that city. "Then the party was hopelessly divided. Now it is hopelessly united. Then New York was certain to go against the Democratic ticket by a tremendous majority. Now it is sure to vote for Judge Parker."

The Philadelphia Record seems very hopeful of a Democratic victory in November. It says there is Democratic activity everywhere. Instead of the apathy that comes from hopelessness, there is manifested the energy of unwonted confidence. The National Committee will start the campaign in a few days. The Democrats of the rural districts of New York are to be organized. Those of Wisconsin expect to carry their State. Those of Indiana are cheerful in spite of the fact that Senator Fairbanks's nomination will help the Republicans. Everywhere Democrats are going into the campaign promptly and expect to win.

The "Dr. Louis Marshall" referred to in a recent issue of the Ledger was a very famous man in his day; and a pretty long day it was, dating from his sojourn in Paris during the French Revolution, to the opening of the American Civil War. He was at one time at the head of the medical school in Lexington. The medical faculty was composed of able and accomplished men—among them Dr. J. C. Cross, afterward a resident of this county. Among the graduates under Marshall (1840) was Dr. Samuel Kerr Sharpe who, a few years later, formed a partnership with Dr. John M. Duke of this county, and established a reputation for medical ability that extended through Northern Kentucky. He practiced certain branches of surgery with remarkable skill and success. One of Dr. Sharpe's sons is now a resident of Lexington, Ky.—Mr. John R. Sharpe.

The Disease Called Sleep.

At a meeting of a learned society of Paris an account was given of a terrible disease in equatorial Africa, called sleep. The natives attacked with it can not keep from sleeping. At first there is a feeling of uneasiness, occasional headaches, fainting then extreme lassitude; all work is painful; the patient becomes melancholic, hides himself; he falls asleep at every turn, in every position, at any time. When asleep, if he uses his hands to protect his eyes, his hands rest there. He sometimes falls asleep without having time to swallow his food. His walk is uncertain, like a drunken man's, his speech slow and difficult. He no sooner is awake when he falls asleep again, until finally he cannot be awakened, and dies. The disease is always fatal. Its cause is unknown. In some places it becomes epidemic, carrying off people like the cholera.

The Vesper Sparrow.

Gray shadows, undulating, long,
Low in the west a golden gleam—
And like the flute-call of a dream
That holy song.

A longing that no words can bear
From heart to heart in human speech—
That moves the soul in mute outreach
Thro' that pure prayer.

A stillness and the fading light—
A star or two, a dewy blur—
And silvery fine as gossamer
"Good-night, good-night!"

—Ingram Crockett, in Youth's Companion.

The ball game last Saturday afternoon between Maysville and Mayslick resulted in victory for Maysville. The Mayslick team is an amateur one, having only organized this season and having had very little practice, nevertheless put up a very good game against a team posing as professionals, and were well matched against the majority of the Maysville players.

More rule learning and less arguing would benefit both sides. One Maysville was heard to remark in tones of sarcasm that he "thought Mayslick could play." Politeness forbade us asking about a few Maysville failures. We can safely promise him that Mayslick will learn to play before he learns to bat, unless he improves rapidly. "Practice makes perfect," boys; victory next time.

16 MESSAGES OVER 1 WIRE.

New Process Invented by Prof. Michael Pupin May Revolutionize the Present Systems.

To telegraph 16 messages simultaneously over a single wire has now been made possible through an invention of Dr. Michael Ilvorsky Pupin, professor of electro-mechanics in Columbia university. When asked if there could be any doubt as to the commercial practicability of his device, Dr. Pupin replied:

"Absolutely none whatever."

The Pupin system differs chiefly from the multiplex systems now in use in that it operates with an alternating instead of a direct current. It might be described as a system of tuning. Dr. Pupin devised his multiplex machine in the laboratory of Columbia university and there is a model of it now on view in the lecture room of Havemeyer hall. Attached to the generator are devices for giving out alternating currents of various frequency. Instead of the current passing directly along the wire, as in the case with the ordinary telegraph system, these devices cause it to proceed in undulations or waves. If 16 circuits are to be operated, the machine will make it possible for 16 currents, each vibrating in waves of distinctive lengths, to pass along the wire at once, and when they reach their destination they will find waiting for them 16 receivers each tuned to respond to one set of vibrations and no other.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now, supposing you had a bad back. A lame, weak or aching one. Would you experiment on it?

You will read of many so-called cures. Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

Mr. Fred W. Bauer, job printer of 4 East Second street, says: "For a year or more I had considerable pain in my back. The secretions from the kidneys were dark and there was some inflammation of the bladder evidenced by a sensation of scalding. Doan's Kidney Pills came to my knowledge and I procured them at J. James Wood & Son's drug store, corner of West Second and Market streets. The treatment soon restored the kidney secretions to a natural color, ended the inflammation and banished the pain from my back. If a cold or any other cause should bring on a recurrence I now know what to use."

GETTING HOT.

Suit May Result From Action of the Officers of a White Collar Packet. River News.

[Huntington Advertiser.]

Real evidence of the river war which has been waged for the past several weeks by the White Collar Line against the other lines operating boats on the upper Ohio river was manifest Monday and, as a result of the first victory won by the White Collar Line, litigation may follow in which that company may be called upon to settle for damages. Monday morning the Stanley and the Virginia began a race down the river from Pomeroy. The Virginia had a heavy passenger list, as well as considerable freight to handle and on this account the Stanley arrived here first. It is claimed that the officers of the Stanley, when she arrived here began telephoning throughout the city to shippers to the effect that the Virginia to which most of the freight of the local wharf had been consigned, was from one to three hours late and requested that they be granted the privilege of carrying the freight. Many of the shipments were granted upon this information. The officers then informed a large number of passengers who were waiting for the Virginia that that boat was very late and consequently they secured most of the passengers.

When the Virginia arrived, about fifteen minutes later, and learned of the scheme that had been worked by her competitor there was a confusion at the wharfboat. The officers of the P. and C. line were communicated with at Pittsburgh and it was stated that legal steps would be taken against the officers of the Stanley.

What's the Matter With the Moon Tonight

SUPPOSE A SUMMER IDYL—IN A HAMMOCK SWINGING IN THE MOONLIGHT.

Suppose, my dear, that you were I,
And by your side your sweetheart sat;
Suppose you noticed by and by
The distance 'twixt you were too great;
Now tell me, dear, what would you do?
I know—and so do you.

And when (so comfortably placed)
Suppose you only grew aware
That that dear, dainty little waist
Of hers looked very lonely there;
Pray tell me sooth—what would you do?
I know—and so do you.

When, having done what I just did
With not a frown to check or chill,
Suppose her red lips seemed to bid
Defiance to your lordly will;
Oh, tell me, sweet, what would you do?
I know—and so do you.

SUPPOSE YOU RESOLVE TO GET
CLOSE TO THE GRAND-
EST LINE OF

HAMMOCKS!

In this town. We have the swellest assortment to be seen anywhere—for lunar courting or mid-day siestas. Special price on our Moonbeam grade the balance of this month. Every Hammock in the house offered at a substantial reduction.

Fill Your Coal Bin

Now before the cold weather sets in, before the price of coal goes up. Get the kind that burns evenly and does not fill your stove up with cinders and clinkers. A coal of that sort costs you just twice as much in the end. Try a ton of ours, it is all coal should be. Farmers, we can load your wagon in three minutes with our patent Hoist and Coal Hopper. Office and yard, corner of Second and Short streets. Phone No. 70.
